II. ON-GOING ACTIVITIES

1. ASD(I) Proposal Regarding Upgrading of COINS

A reply prepared by DD/I to ASD(I)'s letter to the DCI proposing use of a CIA computer in the system and the assignment of staff members of CIA and NPIC to the COINS Project Management Office was coordinated for the ICS. Action officer: IHC/[redacted]

2. Interprogram IDHS Compatibility

Data is being developed on DIA, CIA and State Department IDHS program proposals to assess the compatibility of these proposals. This assessment, which is being undertaken at the request of IC/MPRRD, will also include suggestions for allocation of resources to specific IDHS projects. Action officers: IHC/[redacted]  
[redacted]

STAT

3. Washington Area Image Transmission System (ITS)

A status report on the ITS project was forwarded to the D/DCI/IC which confirmed that the PHASE I contract is proceeding on schedule and provided target dates for the Phase II contract. Reservations of ASD(I), if any, regarding the tentative network composition, should be surfaced soon and the IHC Imagery Transmission Working Group will then be in a position to report its recommendations on the network. Action officers: IHC/
